

AYANA'S WORLD-FAMOUS SPA ON THE ROCKS RECEIVES STYLISH MAKEOVER & NEW TREATMENT MENU

Jimbaran, BALI – In true AYANA fashion of always leaning towards pioneering design coupled with products that expand the guest experience, the start of 2018 celebrates the completed redesign of the resort's famous Spa On The Rocks treatment villas.

Surrounded by the Indian Ocean on three sides, each of the two treatment villas presents a sensory experience. Guests can indulge in a world-famous spa treatment while feeling closer to nature as they breathe in the therapeutic sea air and listen to gentle waves lap against the rocks surrounding the villas.

Often described as *'like nothing on earth'* the new Spa On The Rocks interiors add an extra element to the already enlightening spa experience. Ingeniously designed by P49 interior design, the villas retain their compelling Balinese charm, while introducing fresh nuances. Authentic Balinese patterns weave around doors and mirrors, across cabinets and ornaments. The sense of tradition is not lost in the new rustic white Sungkai wood, which presents a fresh by-the-sea feel.

Each villa makes an idea couples hideaway or heavenly ‘just for me’ escape. There are two relaxing treatment beds, changing area, bathroom and showroom, plus ocean view bathtub made for two. There is also a terrace suitable for an outdoor foot washing ritual prior to your massage.

While the design alone will leave a lasting impression, the spa treatments provide a standout sensory experience.
