How to Order

Step 1 Select your seafood

◊ First, take a look at Kisik’s beautifully displayed seafood on ice. Everything you see is fresh catch, brought in from nearby local fish market, a well-known fishing village. Fresh catch seafood varies daily depend on weather and season.
◊ Kisik’s team will introduce you to ‘Today’s Special. Please let him/her know your favorite types of seafood and preferable portion.
◊ Your portion of seafood will then be weighed to finalize the price.
◊ Your chef takes over and prepared your seafood selection to perfection!

Step 2 Select your Cooking Style

Choose your favorite cooking style for your seafood, or if you are unsure, feel free to ask Kisik’s team for a recommendation.

Grilled
Grilled seafood maximizes flavor, the best way to enjoy the natural flavor of seafood.

Steamed
Great way to enjoy seafood with a mild and delicate texture.

Deep-fried
Battered and deep-fried seafood is crispy outside and juicy inside - great company for ice-cold beer.

Step 3 Select your Sauce

After choosing your favorite cooking style, order our homemade sauce.

Bumbu Kecap
The soy sauce base is a perfect match with satay style and grilled dishes

Barbeque Sauce
Local favorite with tomato ketchup flavor as a base

Garlic Butter Sauce
Blended with slow cooked garlic, fresh herbs and butter for a flavorful aroma

Bajo Sauce
Homemade and original, fragrant sauce blended with various local spices

My favorite AYANA Komodo

Part 1 Unwind with our pristine ocean

In this section, we share tips and comments about the resort from our team members who happily disclose their favorite recommendations and personal stories. Totok shares his favorite activity, memorable experience, and restaurants in the resort.

My favorite activities at AYANA Komodo:

As soon as you arrive at the resort, you will be amazed by stunning ocean views right in front of your eyes. I was very impressed by the views when I visited for the first time. All guest rooms are designed to enjoy brilliant ocean views from balconies. Best way to explore the amazing nature of Komodo is to try some marine activities or a boat trip I must say.

I love exploring Labuan Bajo’s coastline by kayak. The colors are amazing and floating right above the ocean’s surface allows for an up close and personal look at turtles, fish, coral heads, and so much more. It’s an easy way to get a good daily exercise and it’s really nice to see Flores Island from the sea’s perspective.

The resort is surrounded by incredible underwater scenery. Snorkeling in crystal clear water while safely exploring vibrant tropical reefs and diverse marine life.

Island hopping by AYANA Lako Cama

Spending a full day on AYANA’s speedboat, Lako Cama, is by far the best way to see the best of Komodo in a short period of time. I have seen the most spectacular wildlife imaginable including Indonesia’s famous Komodo dragon, manta rays, baby sharks, and dolphins. I highly recommend it.

AYANA Komodo Resort offers various daily boat trips to explore the best of Komodo by modern speedboat Lako Cama and glass bottom boat Lako Taka. AYANA Komodo Resort is planning to introduce new boats to the aqua fleet soon.

My favorite restaurant at AYANA Komodo

Fresh seafood dinner at Kisik overlooking stunning sunset is absolutely gorgeous.

AYANA Komodo Resort has 7 restaurants and bars to tempt your palate, but I believe that nothing beats a fresh caught seafood dinner at Kisik. The setting is one-in-a-million with one of the best sunsets I’ve ever seen and eating by the shore never gets old. It’s always fun to see what the chefs have on hand to grill, steam, or deep fry depending on the season and availability. Watch out though, the chili sambal is addictive!
In this section, we share with you our tips on the best spots to take photos around the resort – the perfect way to get record “likes” from your friends.

**Learning Bahasa Indonesia**

1. **Terimakasih**

Indonesian is a very simple language to learn; if you know some useful words you can communicate right away, even if it’s your first time in Bali. Don’t be shy, have a go!

*Coba=Try
*Bahasa Indonesia=Indonesian

[For Greetings]

- Selamat Pagi = Good morning
- Selamat Siang = Good afternoon
- Selamat Sore = Good afternoon
- Selamat Malam = Good evening
- Apa Kabar? = How are you?
- Baik-Baik! = I’m fine

**If you want to express more.**

- Panas = Hot
- Dingin = Cold
- Cepat = Quick / fast
- Lama = Slow / late
- Banyak = A lot / many
- Sedikit = A little / few
- Mahal = Expensive
- Murah = Cheap
- Sakit = Hurt
- Lapar = Hungry
- Capek = Tired

Greetings are essential when starting communication. Saying hello in Indonesian with a smile is even better. Indonesian is simple and easy to remember. Exchanging greetings or expressing your appreciation in Indonesian will convey your feelings. “Terimakasih / thank you”, “Selamat pagi / good morning” or just “pagi!” with a smile makes everyone happy. Don’t worry, just try it, a simple tip that will make your island lifestyle even more memorable.

---

**Naga Pier**

Stretching out directly from the resort, Naga Pier is the main spot to enjoy various marine activities and to explore our exciting cruise adventures. Situated on the edge of the pier, Naga Bar is an incomparable cocktail and sunset destination, giving you a bird’s eye view of the colorful underwater sea life below. Dress up and get ready to capture your favorite moment in paradise.

**Mesa Bar**

Located on the resort’s top floor, Mesa Bar welcomes you to relax with majestic ocean views. Capture a postcard like snapshot of this inspiring setting.

Our Commitment

- AYANA Komodo takes simple but important daily actions to protect the environment.
- We seek to reduce the amount of garbage by not using plastic items.
- We provide digital resort information and restaurant menus for personal devices as an alternative to using paper.

Protect Our Ocean
Team AYANA Komodo Resort takes better care of our sea

What we can do to protect our environment:

SAY NO TO PLASTIC

Carry reusable bottles
Bring your own shopping bag
Say no to plastic straws
Recycle, don’t litter
Share these tips with your friends

Over 90% of all seabirds have plastic pieces in their stomachs

1 in 3 species of marine mammals have been found entangled in marine litter

More than 8 million tons of plastic are dumped in our oceans every year

Support Green Tourism with AYANA Komodo’s Resort, Waecicu Beach - reusable bottles
